

BUYING - SORTING - STORING

- Make sure to buy fireworks from a licensed shop/ reliable source.
- Always keep the fireworks in a closed box.
- Store fireworks away from sources of fire or ignition.
- Keep away from the reach of children.
- Avoid keeping all purchased fireworks together at the same place at home.
- Always buy fireworks from the first or last shop in the market where you can find an easy way to out in case of fire in the market.
- Never do smoking in fireworks markets or never allow others to smoke.
- Sort out fireworks according to the age group to prevent children from lighting fireworks that are not suitable for them.

**SPECIAL CARE FOR CHILDREN**

- Have an adult accompany children while bursting crackers.
- Don't allow children to light firework until he is confident.
- Always keep an eye on how children pick up and light fireworks and throw used fireworks.

PREPARING TO LIGHT FIREWORK

- Wear well-fitting cotton clothes.
- Avoid silky clothes or zabba during the firework light.
- Wear shoes or chappal while bursting crackers.
- Sort out firework according to age group so that children will not pick and light firework that is not suitable for them.
- Keep the regulators of your cooking gas cylinders turned off and do not keep the cylinders in balconies or open spaces to keep them protected from stray rockets.
- Store fireworks in a safe area. Clear the area around before starting to light crackers.
- Read the instructions and follow all safety precautions recommended for the use of fireworks.
- Close all windows, and doors where you cannot pay attention.

DO & DON'T

- | | |
|---|--|
| <ul style="list-style-type: none">• Fireworks are for strictly outdoor use.• Light crackers only in open ground without overhead cables, trees, or other obstructions.• Keep lighting candles away from fireworks.• While lighting the crackers, keep a safe distance.• While lighting the crackers, stand at an arm's length from the cracker.• Discard used fireworks in a bucket of water.• In this manner you can prevent people from stepping on and hurting their feet from used fireworks that are thrown on the ground.• A bucket of sand can be very useful for a small fire.• Make sure to wash your hands after handling crackers as they contain many toxins. | <ul style="list-style-type: none">• Don't ignite fireworks while holding them.• Don't bend over the fireworks being ignited.• Don't ignite fireworks in any container.• Don't approach immediately to the misfired fireworks.• Don't tamper with misfired fireworks.• Don't throw or point fireworks at other people.• Don't carry fireworks in your pocket.• Don't light firecrackers in narrow streets.• Don't wear synthetic clothing or loose clothes like Jabba, dhoti, or lungi.• Don't light flying fireworks if there is a heavy wind.• Don't give heavy firecrackers to children which are not suitable for them.• Don't carry or throw firecrackers for fun.• Don't burst crackers in crowded areas.• Don't light crackers barefoot.• Don't leave spent sparklers on the ground. |

TYPES OF INJURY & FIRST AID

Skin Burn

Fire

Fatal

- Wash the affected area with plenty of cold water for 10 minutes and seek medical help.
- Wash the eye with plenty of water then rush the victim to the hospital.
- In case clothes catch fire – Stop, Drop, and roll the victim on the ground. Blankets may also be used to wrap the victim.
- For a serious injury with fire, remove the burnt clothes & and wrap the person in a clean sheet, before taking them to the hospital.
- Don't apply any cream ointment or oil on the burnt area
- Don't drive recklessly while taking a burn victim to the hospital; a delay of little time is immaterial.

EMERGENCY PREPAREDNESS

- Keep buckets of water ready.
- Keep a blanket ready to break out fire.
- If your clothes happen to catch fire, do not panic, drop down on the ground and roll.
- Keep a wet towel ready to cover your exposed parts when some crackers may accidentally burst.
- Keep small portable extinguishers handy for urgent use.
- Keep a first aid kit handy at all times.
